- Regardless of individual course grades, students must maintain a minimum 3.500 cumulative GPA. This program has additional GPA progression requirements. For more information, please speak with an advisor.
- Some colleges require a minimum GPA for major courses. Courses indicated in this column are included in the major GPA for this program of study.
- Students who do not place into MATH 122 or MATH 141 and do not bring in additional advanced credit may need to enroll in 18 hours each term freshman year.
- Students in the International Business: Middle East and North Africa Business major must complete a minimum of four 300-level or higher Arabic language courses as part of their required program components. The Arabic Language Placement test will determine at which level the student will begin. Foreign language courses can be part of the required directed coursework, which may consist of courses toward a minor, cognate, or other coursework. The language requirement for the MENA program is heavily dependent on incoming language level. If students enroll at USC with A4 on their Arabic placement test, they are not required to participate in both summer language institutes. Only one may be required based on evaluation of proficiency.
- The [Carolina Core](#) provides the common core of knowledge, skill and academic experience for all Carolina undergraduate students.
- International Business: Middle East and North Africa Business majors are required to study abroad in the 3rd, 4th, and 7th semesters, as well as in the summers before the 3rd semester and following the 4th semester. Course selection is subject to availability at partner school with advisor approval.
- International Business majors are required to complete a second functional major in the business school. Total program hours and number of courses may vary, depending on the major chosen. Based on choice of major and entering language ability, students may exceed 15 hours some semesters and/or need summer coursework. However, many students bring in AP/IB credit to satisfy some course requirements.
