Independent Accountant's Report on Applying Agreed-Upon Procedures

The Audit, Compliance and Risk Committee University of South Carolina - Columbia Columbia, South Carolina

We have performed the procedures described below, which were agreed to by the Audit, Compliance and Risk Committee and management of the University of South Carolina - Columbia (the University), Department of Athletics (the Department), solely to assist the Department's management in its evaluation of compliance with National Collegiate Athletic Association (NCAA) Bylaw 3.2.4.17 for the year ended June 30, 2021. The Department's management is responsible for the accompanying Statement of Revenues, Expenses and Transfers and for the Department's compliance with the NCAA's requirements. The sufficiency of the procedures is solely the responsibility of the parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Per your instructions, this report includes only those exceptions exceeding \$100,000 unless otherwise specified below. The procedures and associated findings are as follows:

AGREED-UPON PROCEDURE #1

We obtained from the Department's management the Statement of Revenues, Expenses and Transfers (the Statement).

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #2

We compared and agreed each revenue category reported in the Statement for the year ended June 30, 2021 to supporting schedules provided by the Department. If a specific reporting category was less than 4.0% of the total revenues, no procedures were required for the specific category.

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #3

We compared each major revenue category over 10% of total revenues to the prior period amounts (fiscal year 2020) and budget estimates. We inquired of management to obtain explanations for variances greater than 10%.

Per management, budgets are not prepared on a basis consistent with NCAA definitions for the revenue reporting categories. As such, we did not compare each major revenue reporting category to budget estimates. Explanations for variances greater than 10% from the prior year are as follows:

Contributions - Decreased by approximately \$11,600,000, or 46%. Per management, the decrease is attributable to a decrease of approximately \$6,600,000 in seat donations and premiums for football, basketball and baseball season tickets after capacity was restricted in response to the COVID-19 pandemic. Additionally, there was a decrease of approximately \$2,900,000 in gifts received through the Gamecock Club, which was mostly due to the COVID-19 pandemic. Gifts related to Department capital projects also decreased approximately \$2,000,000 due to a temporary pause on new capital projects.

Direct institutional support - Increased approximately \$27,700,000, or 735%. Per management, the increase is due to a \$27,000,000 transfer received from the University as financial assistance to help offset the financial impact of the COVID-19 pandemic.

Transfers to University - Increased approximately \$8,600,000, or 121%. Per management, the increase is due to an approximate \$15,000,000 transfer to the University for future capital projects offset by a decrease in transfers of approximately \$2,700,000 and \$3,200,000 for current capital projects and debt service funding requirements, respectively.

Conference distributions - Increased approximately \$27,400,000, or 238%. Per management, the increase is due to a one-time supplemental distribution of approximately \$23,300,000 from the Southeastern Conference to assist with the financial impact of the COVID-19 pandemic. Additionally, the Southeastern Conference distributed \$4,000,000 to the Department related to a signing bonus from a new ESPN television rights contract.

AGREED-UPON PROCEDURE #4

We compared tickets sold, complimentary tickets provided, and unsold tickets for football and men's basketball per the Department's ticketing system's Event Audit Reports for the year ended June 30, 2021 to the related revenue reported by the Department in the Statement and recalculated.

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #5

We planned to obtain the Department's calculation of student athletic fees and perform the following procedures:

- a. Recalculate student athletic fees by multiplying total student enrollment by athletic fee per student.
- b. Compare student enrollment used in the calculation to the University's official enrollment data obtained from the Institutional Assessment and Compliance (IAC) for the Fall 2020 and Spring 2021 semesters.
- c. Compare the total of the University's calculation for student athletic fees to the Statement.
- d. Obtain documentation of the University's methodology for allocating student fees to the Department and compare allocation to supporting documents such as seat manifests, ticket sales reports and student fee totals.

Per management, student activity/ticket fees are reported in admissions/ticket sales revenues on the Statement and were less than 4% of total revenues; therefore, no procedures were required for this specific category.

AGREED-UPON PROCEDURE #6

We planned to obtain a schedule of the direct state or other governmental support recorded by the Department during the year ended June 30, 2021 and compare to State appropriations, institutional authorizations and/or other corroborative supporting documentation and recalculate totals.

Findings:

Per management, the Department received no direct state or other governmental support during the year ended June 30, 2021.

AGREED-UPON PROCEDURE #7

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #8

We compared the transfers back to the University with permanent transfers back to the University from the Department and recalculated totals.

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #9

We planned to obtain a schedule of the Department's indirect institutional support for the year ended June 30, 2021, as prepared by the University's Facilities Department, and compare the total of the schedule to the corresponding amount on the Statement and recalculate totals.

Findings:

Per management, the Department received no indirect facilities support during the year ended June 30, 2021.

AGREED-UPON PROCEDURE #10

We planned to select two settlement statements (one football and one basketball) for away games from a schedule provided by the Department. For each of these settlement statements, we planned to compare the settlement revenue on the schedule to amounts specified in contracts provided by the Department.

Per management, guarantees revenue was less than 4% of total revenues; therefore, no procedures were required for this specific category.

AGREED-UPON PROCEDURE #11

We obtained a schedule of contributions for the year ended June 30, 2021 and identified any contributions in excess of 10% of total contributions. For contributions in excess of 10% of total contributions, we compared the amounts to supporting documentation and recalculated totals.

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #12

We planned to obtain from the Department a schedule of in-kind gifts recorded by the Department for the year ended June 30, 2021 and recalculate totals and compare amounts in the schedule to amounts reported in the Statement.

We planned to foot and cross-foot the schedule of compensation and benefits provided by a third party and agree the total to the Statement.

Findings:

Per management, compensation and benefits provided by a third party was less than 4% of total revenues; therefore, no procedures were required for this specific category.

AGREED-UPON PROCEDURE #14

AGREED-UPON PROCEDURE #18

We obtained a detail of contracts for royalties, licensing, advertisements, and sponsorships for the year ended June 30, 2021, compared the detail to amounts reported in the Statement and recalculated totals. We then judgmentally selected two contracts from the detail. For each contract selected, we compared the amounts reflected in the contracts to the corresponding revenue amounts in the Statement.

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #19

We planned to obtain sports camp contract(s) between the Department and the person(s) conducting Department sport camps or clinics during the year ended June 30, 2021 and inquire of management the Department's methodology of recording revenues from sport camps.

Per management, there were no sports camp revenues during the year ended June 30, 2021.

AGREED-UPON PROCEDURE #20

For the sports camp contract(s) identified in procedure #19, we planned to obtain a schedule of sports camp participants and haphazardly select a sample of three individual camp participant cash receipts from the schedule of sports camp participants and agree each selection to the Department's general ledger and/or the Statement and recalculate totals.

Findings:

Per management, there were no sports camp revenues during the year ended June 30, 2021.

AGREED-UPON PROCEDURE #22

We compared and agreed each expense category reported in the Statement for the year ended June 30, 2021 to supporting schedules provided by the Department. If a specific reporting category was less than 4.0% of the total expenses, no procedures were required for the specific category.

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #23

We compared each major expense category over 10% of total expenses to the prior period amounts (fiscal year 2020) and budget estimates. We inquired of management to obtain explanations for variances greater than 10%.

Findings:

Per management, budgets are not prepared on a basis consistent with NCAA definitions for expense reporting categories. As such, we did not compare each major expense reporting category to budget estimates. Explanations for variances greater than 10% from the prior year are as follows:

Coaching salaries, benefits, and bonuses paid by the Department and related entities - Increased approximately \$4,900,000, or 30%. Per management, the increase is the result of a change in the allocation of salaries paid by the Department and salaries paid by third parties. During the COVID-10 pandemic, the Department reached an agreement with a key third party and it was determined that the Department would

begin paying certain coaching salaries instead of the third party effective September 1, 2020. This caused an increase for this line item, however, it also caused an approximate \$5,700,000 decrease for *Coaching salaries, benefits, and bonuses paid by a third party*.

Severance payments - Increased approximately \$14,600,000, or 2,315%. Per management, the increase is due to the termination of the football head coach. This also resulted in the termination of many assistant coaches and supporting staff. The severance payments totaled approximately \$15,200,000, which included approximately \$13,200,000 to the football head coach.

Athletic facilities, debt service, leases and rentals - Decreased approximately \$1,700,000, or 11%. Per management, this decrease is due to the retirement of bonds in the prior year. The retirement of these bonds resulted in approximately \$2,000,000 in principal and interest payments in the prior year.

AGREED-UPON PROCEDURE #24

We planned to haphazardly select two settlement reports for guarantees for visiting teams from a schedule provided by the Department. For each of these guarantees, we planned to compare the guarantees expense on the schedule to the amounts specified in game contracts.

Findings:

Per management, guarantees expense was less than 4% of total expenses; therefore, no procedures were required for this specific category.

AGREED-UPON PROCEDURE #25

We planned to obtain a copy of the Department's team recruiting expense policies and compare it to related policies documented in the NCAA Division I Manual. In addition, we planned to obtain a general ledger detail of recruiting expenses for the year ended June 30, 2021 and compare it to the amount reported in the Statement and recalculate totals.

Findings:

Per management, recruiting expense was less than 4% of total expenses; therefore, no procedures were required for this specific category.

AGREED-UPON PROCEDURE #26

We planned to obtain a copy of the Department's team travel expense policies and compare it to related policies documented in the NCAA Division I Manual. In addition, we planned to obtain a general ledger detail of travel expenses for the year ended June 30, 2021 and compare it to the amount reported in the Statement and recalculate totals.

Findings:

Per management, team travel expense was less than 4% of total expenses; therefore, no procedures were required for this specific category.

We obtained a schedule of athletic facilities debt service, leases and rentals recorded by the Department for the year ended June 30, 2021. From the schedule provided, we selected the two highest facility payments and haphazardly selected one additional facility payment and compared amounts reported in the schedule to supporting debt/rental agreements. In addition, we compared amounts on the schedule to the Department's general ledger and recalculated totals.

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #28

We obtained from management a repayment schedule of all outstanding intercollegiate athletics debt during the year ended June 30, 2021 and recalculated annual maturities, consisting of principal and interest, provided in the schedule. We compared the total maturities and total outstanding athletic related debt to supporting documentation and the Department's general ledger.

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #29

We compared the total outstanding University related debt to supporting documentation and the University's audited financial statements, if available, or the University's general ledger.

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #30

We obtained a schedule of all athletics dedicated endowments maintained by the Department, the University and affiliated Organizations for the year ended June 30, 2021 and compared the total fair market value of the athletics dedicated endowments to supporting documentation, the Department's general ledger, and audited financial statements, if available.

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #31

We obtained from management a schedule of all University endowments for the year ended June 30, 2021. We then compared the total fair market value of the University's endowments to supporting documentation, the University's general ledger, or audited financial statements, if available.

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #32

We obtained from management a schedule of athletics related capital expenditures made by the Department, the University and affiliated organizations for the year ended June 30, 2021. From the schedule we selected a sample of three transactions and compared the amounts reported in the schedule to supporting documentation. In addition, we compared amounts on the schedule to the Department's general ledger and recalculated totals.

Findings:

We found no exceptions as a result of these procedures.

For procedures 33-48, all exceptions will be reported regardless of dollar amount.

AGREED-UPON PROCEDURE #33

We randomly selected a sample of five receipts for the year ended June 30, 2021 from a detail of cash receipts provided by the Department. For each receipt selected, we performed the following procedures:

- a. Compared the receipt to the daily deposit transmittal,
- b. Compared the daily cash receipts report to the validated deposit slip, and
- c. Compared the receipt to posting in the general ledger.

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #34

We planned to obtain for the year ended June 30, 2021 a detail of Department endowments and a detail of endowment expenses. From the detail of Department endowments, we planned to haphazardly select two endowments and perform the following procedures:

- a. Haphazardly select three transactions from the detail of endowment expenses and obtain the related invoice.
- b. Compare the description of goods or services reflected in the invoices obtained in procedure "a" to stipulations noted in the selected endowment's agreement.

Findings:

Per management, endowment and investment income was less than 4% of total revenues; therefore, no procedures were required for this specific category.

We planned to obtain the general ledger details for the following expense categories:

- a. Equipment, uniforms and supplies,
- b. Game expenses,
- c. Fundraising, marketing and promotion,
- d. Sports camp expenses,
- e. Spirit groups,
- f. Direct overhead and administrative expenses,
- g. Medical expenses and insurance,
- h. Memberships and dues,
- i. Student athlete meals (non-travel),
- j. Bowl expenses,
- k. Other operating expenses
- I. Conference realignment expenses, and
- m. Transfers to University

For each category that is greater than 4% of total expenses, we compared the general ledger detail to the total expenses reported and haphazardly selected a sample of two transactions. For each transaction selected, we compared the amount reported in the general ledger to a supporting invoice.

Findings:

Per management, equipment, uniforms and supplies, fundraising, marketing and promotion, sports camp expenses, spirit groups, medical expenses and insurance, memberships and dues, student athlete meals (non-travel), and other operating expenses were each less than 4% of total expenses; therefore, no procedures were required for these specific categories. Management also stated there were no bowl or conference realignment expenses or transfers to the University. The remaining expense categories noted above in this procedure were tested and we had no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #36

We obtained a squad/eligibility list for each sponsored sport and randomly selected a sample of 40 student athletes (10% of total student athletes who received financial aid during the year ended June 30, 2021 or a maximum of 40). For each student athlete selected, we performed the following procedures:

- a. Obtained the individual student account detail from the Banner software system (the University's student information system) and compared total aid to the University's NCAA Compliance Assistance Software (CA).
- b. Compared the student's information per Banner to the information reported in CA using the following criteria:
 - The equivalency value for each student-athlete in all sports, including head-count sports, were converted to a full-time equivalency value. The full-time equivalency value was calculated using the athletic grant amount reported on the Calculation of Revenue Distribution Equivalencies Report (CRDE) from CA as the numerator and the full grant amount which was the total cost for tuition, fees, course-related books, room and board for an academic year as the denominator. If using the CA, that equivalency value was calculated on the CRDE report labeled "Revenue Distribution Equivalent Award".

- Grants-in-aid was calculated by using the revenue distribution equivalencies by sport and in aggregate. (Athletic grant amount divided by the full grant amount).
- Other expenses related to attendance (also known as gap money or cost of attendance) were not included in grants-in-aid revenue distribution equivalencies. Only tuition, fees, room, board and course-related books were countable for grants-in-aid revenue distribution per Bylaw 20.02.07.
- Full grant amounts were entered as a full year of tuition, not a semester or quarter.
- Student-athletes were only counted once and did not receive a revenue distribution equivalency greater than 1.00.
- Athletic grants were valid for revenue distribution purposes only in sports in which the NCAA conducts championship competitions, emerging sports for women and football were included in the calculations.
- Grants-in-aid was valid for revenue distribution purposes in NCAA sports that did not meet the minimum contests and participants' requirements of Bylaw 20.9.6.3.
- Grants awarded to student-athletes listed on the CRDE as "Exhausted Eligibility (fifth -year)" or "Medical" received credit in the grants-in-aid component.
- The athletics aid equivalency did not exceed maximum equivalency limits set by Bylaw 15.5.3.1.
- If a sport was discontinued and the grant(s) were still being honored by the University, the grant(s) were included in student-athlete aid for revenue distribution purposes.
- All equivalency calculations were rounded to two decimal places.
- If a student selected received a Pell Grant, the value of the grant was not included in the calculation of equivalencies or the total dollar amount of student athletic aid expense for the University.
- If a student selected received a Pell Grant, the student's grant was included in the total number and total value of Pell Grants reported for Revenue Distribution purposes in the NCAA Membership Financial Reporting System.

Findings:We found no exceptions as a result of procedure "b". The results of performing procedure "a" are as follows:

^{*}Per NCAA Bylaw 15, an institution with several official on-campus housing rates listed in its catalog may use the average of the room cost for all students living on campus or the actual cost. In addition, the NCAA requires the institution to use an \$800 figure for its books equivalency computation even though the institution may pay less than, equal to or greater than \$800 for each student-athlete's actual books cost. The amounts listed in the student's account detail are based on the official book number used by the University of South Carolina Office of Student Financial Aid and Scholarships.

Differences greater than \$1,000 were further explained by management. Management's explanations are as follows:

AGREED-UPON PROCEDURE #37

We recalculated the totals on the squad/eligibility lists obtained in procedure #36 for each sport and overall.

¹ Per management, this student had additional course fees for the fall and/or spring semesters that were recorded on the student's account detail and not in the NCAA software. The remainder of the difference is related to the set fee for books noted above.

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #38

We obtained a listing of coaches employed by the Department for the year ended June 30, 2021. From this listing, we haphazardly selected one coach from each of football and men and women's basketball as well as one additional coach. For each of the selected coaches, we compared the recorded salary expense, including salary, benefits, and bonuses paid by the Department per payroll summary registers to their employment contract.

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #39

We planned to obtain a listing of coaches who received other compensation and benefits paid by a third-party during the year ended June 30, 2021. From this listing, we planned to haphazardly select one coach from each of football and men and women's basketball and compare the compensation and benefits paid by the third-party to amounts specified in each respective employee contract.

Findings:

Per management, coaching salaries, benefits and bonuses paid by a third party were less than 4% of total expenses; therefore, no procedures were required for this specific category.

AGREED-UPON PROCEDURE #40

We obtained a listing of support staff/administrative employees who were employed by the Department for the year ended June 30, 2021. From this listing, we haphazardly selected three support/administrative staff and compared their recorded salary, benefits and bonuses, if any, per payroll summary registers to their employment contract.

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #41

We planned to obtain a listing of support staff/administrative salaries, benefits and bonuses paid by a third-party during the year ended June 30, 2021. From this listing, we planned to haphazardly select two support/administrative staff and compare the compensation and benefits paid by the third-party to amounts specified in each respective employee contract.

Findings:

Per management, support staff/administrative salaries, benefits and bonuses paid by a third party were less than 4% of total expenses; therefore, no procedures were required for this specific category.

We obtained a listing of employees who received severance payments during the year ended June 30, 2021 and compared the related termination letters or employment contracts to the amount reported in the Statement.

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #43

We compared the number of sponsored sports reported in the NCAA Membership Financial Reporting System to the Calculation of Revenue Distribution Equivalencies Report from the NCAA Compliance Assistant Software provided by the Department.

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #44

We obtained the Department's "Sports Sponsorship and Demographics Forms Report" for the year ended June 30, 2021 and compared the number of countable sports reported by the Department to the minimum requirements set forth in NCAA Bylaw 20.9.6.3.

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #45

We compared the total number of Division I student-athletes who, during the 2020-2021 academic year, received a Pell Grant award (i.e. Pell Grant recipients on Full Grant-in Aid, Pell Grant recipients on Partial Grants-in-Aid and Pell Grant recipients with no Grants-in-Aid) and the total value of those Pell Grants reported in the NCAA Membership Financial Reporting System to a report generated out of the Department's financial aid records, of all student-athlete Pell Grants.

Findings:

We found no exceptions as a result of these procedures.

AGREED-UPON PROCEDURE #46

We requested the Department to identify all intercollegiate athletics-related affiliated and outside organizations.

Per management, the Gamecock Club of the University of South Carolina (the Gamecock Club) is an affiliated organization whose primary mission is to promote intercollegiate athletics at the University.

AGREED-UPON PROCEDURE #47

For those organizations identified in procedure #46, we obtained the following, if available:

- a. Audited financial statements,
- b. Any additional reports regarding internal control matters, and

Notes to Statement of Revenues, Expenses and Transfers (Unaudited)

Note 1. Summary of Significant Accounting Policies

The University of South Carolina - Columbia, Department of Athletics (the Department) is an auxiliary enterprise of the University of South Carolina - Columbia (the University) and as such is responsible for the Intercollegiate Athletic Program of the University. The Department's transactions are reported in the University's unrestricted current funds in the auxiliary enterprises subgroup.

Basis of Presentation - The accompanying Statement of Revenues, Expenses and Transfers (the Statement) presents the recorded amounts of revenues, expenses and transfers of the University of South Carolina - Columbia's Department of Athletics. It is not intended to be a complete presentation of the revenues, expenses and transfers of the University of South Carolina or the University of South Carolina - Columbia campus. The Statement has been prepared using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned and expenses when supplies or services are received.

Indirect costs, including general administrative costs, maintenance, and other related costs, are not allocated because the Department pays explicitly for Department services.

Contributions - All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts that are restricted by the donor are reported as deferred revenue until such time as the restriction expires (that is, when a stipulated time restriction ends or a purpose restriction is accomplished).

Student Activity/Ticket Fees - For the year ended June 30, 2021, the University provided revenue (funding) to the Department for estimated athletic event tickets provided to students. This revenue is calculated by the estimated undergraduate student head count and a guaranteed associated relief payment. The Department recognized student activity/ticket fees of approximately \$5,027,000 in Admission/Ticket Sales for the year ended June 30, 2021.

Athletic Student Aid - The Statement includes athletic financial assistance awards for students participating in athletic programs. Financial assistance awarded to athletic participants on the basis of other criteria, such as need or academic excellence, is not reflected in the Statement.

Note 2. NCAA Legislation

In June 1985, the National Collegiate Athletics Association (NCAA) adopted legislation that required all expenses for, or on behalf of, an institution's intercollegiate athletics program, including those by outside organizations, to be included in the Statement of Revenues, Expenses and Transfers.

In January 1987, the NCAA constitution was amended to exempt from the audit requirement those with operating budgets for intercollegiate athletics of less than \$300,000.

In January 1988, the constitution was again amended. This amendment removed the audit requirement from the NCAA constitution and incorporated its provision into three separate bylaws, which contain revisions specific to each membership division. In August 2004, the NCAA replaced the financial audit guidelines with a set of agreed-upon procedures.
