

# Prisma Health Mobile Mammography

The Breast Center at Prisma Health Baptist Digital Mobile Mammography van is coming soon to your facility.

Mammography will be offered. Mammography is an x-ray of the breasts that can detect very small lumps three to five years before they can be felt (when they are most treatable). When detected early, breast cancer cure rates approach 100 percent.

The Mobile Mammography Unit will be at

# USC

(The mobile will be parked at Petigru)
