

# ACTIVE SHOOTER

## ACTIVE THREAT

If someone enters your building and starts shooting, follow these steps:

### ① AVOID.

Avoid the threat by evacuating, if possible. Don't hesitate. Remain calm. Call 9-1-1.

### ② DENY.

If you can't leave, create distance and barriers from the threat. Turn off lights, remain silent and hidden.

### ③ DEFEND.

If you can't avoid or deny the threat, defend yourself by any means necessary. Throw objects. Don't stand still. Fight for your survival.
